Collecting

Michael Mainardy is only 21 years old yet has been collecting models with the theme of “Prangl cranes and heavy duty transports in Austria” for the last years. On top of that, he builds Wolff tower cranes ...

New Holland’s W300C is the largest wheeled loader in their sales program. Motorart presents the matching, mostly metal model that has a high degree of functionality ...

Models

The last of the new models from the Bauma is the Wirtgen Surface Miner 4200SM. We absolutely had to have a closer look at this very interesting machine ...

With truck-mounted cranes, Fassi F1300 and Palfinger PK 65002, WSI sets the goal post higher. No previous maker managed to make the telescoping arm segments that thin in 1:50 scale and still have them remain fully functional ...

Current

Alteration specialist Urs Peyer was inspired by an exotic model this time. He created a model of the Liebherr R 914B FS equipped with a front scoop ...

In the second part of the “Scrap Yard” diorama, Markus Lindner focusses on the details: in addition to a prototypical office interior he also talks about lighting for taking pictures in a night setting ...
